Bengaluru, Karnataka, India

Summary

I am an Associate Manager at Accenture, where I design and implement data integration strategies for banking and fintech clients. My work aligns technology with business goals and improves data accuracy and quality. I collaborate with stakeholders, manage overseas projects, and develop data models and documents for enterprise data warehouses.

I have successfully delivered two pilot projects in the Banking and Financial Services domain, resulting in a 20% reduction in processing time and a 30% streamlining of processes. I have also demonstrated expertise in handling overseas banking clients, translating complex data into actionable insights, and facilitating the migration of billions worth of loans.

Before joining Accenture, I pursued an MBA from XLRI Jamshedpur, where I gained knowledge and skills in marketing analytics, accounting, HR analytics, economics, financial analysis, probability, and statistics. I was an executive member of the Social Media Team, employing digital marketing, data analytics, and SEO optimization techniques to enhance the online presence of the institute. I have multiple certifications in Microsoft Excel, Unix, and Six Sigma, and I am proficient in Python, SQL, Tableau, Power BI, Devops, Agile, and Scrum.

I am passionate about leveraging data and technology to solve business problems and create value for customers. I am always eager to learn new skills and tools, and to work with diverse teams and stakeholders. I aspire to become a leader and a mentor in the data consulting and AI field.

Experience

HSBC

Assistant Vice President

April 2026 - Present (3 months)

Bengaluru

Accenture

Data Product Manager (Associate Manager)

July 2022 - March 2026 (3 years 9 months)

India
